

Ronnia

A friendly humanist Sans Serif, perfect for editorial use by *TypeTogether*

ABOUT THE TYPEFACE

One of the most remarkable characteristics of this humanistic sans serif is its versatility. Ronnia's personality performs admirably in headlines, but is diffident enough for continuous text and small text alike, offering a broad range of applications, from newspaper headlines to corporate business reports.

The heavier weights deliver very cohesive shapes, and they have been successfully used for branding and newspaper headlines. Its 28 styles grant the designer a broad range of coherent color and texture variations in text blocks, necessary tools to solve complex information and editorial design problems.

Ronnia has been mainly engineered for newspaper and magazine applications manifested in its properties: economic in use, highly legible, and approaching the reader with some friendliness and charm.

Ronnia was part of the Tipos Latinos exhibition 2008 and the 23rd Biennale of Graphic Design 2008 in Brno.

The four core styles of Ronnia, have been manually hinted for better screen rendering and cross-platform consistency. Please visit our webfont service partners TYPEKIT , FONTDECK, WEBINK or contact us for self-hosting @font-face. ■

RONIA LIKED IT WHEN THE ROBBERS SANG around the fire in the evenings. She sat quietly under the table, listening, until she knew all the robbers' ditties by heart. *Then she joined in, her voice clear as a bell, and Matt was astonished at his matchless child, who sang so well.* She taught herself to dance, too. If the robbers were in the mood, they would dance and leap around like madmen, and Ronia soon saw what to do. She danced and bounded and made robber leaps as well, to Matt's delight,
