

# Bree

---

A spirited and rhythmic upright italic, ideal for display use by *TypeTogether*

---

## ABOUT THE TYPEFACE

Bree, based on our own logotype, is a sleek sans serif that delivers a polished and modern look and feel for branding or headline usage.

Some of its most characteristic features are the one-story 'a', the cursive 'e', the curves in the outstrokes of 'v' and 'w', the flourish 'Q' and the fluidity of shapes on 'g y z'. Alternate letters of these are available when a more classical look is desired.

Clearly influenced by handwriting, Bree shows a pleasant mixture of rather unobtrusive capitals and the more vivid lowercase letters, that give the text a spirited and lively appearance. It is definitely a memorable upright italic!

Bree features four sets of numerals, ligatures, alternate characters, fractions, scientific superior/inferior figures and language support for over 40 languages that use the Latin script.

Bree was part of the Tipos Latinos exhibition 2008 and appeared on several best-of-the-year fonts lists of 2008. In 2009 Bree received Bronze at the European Design Festival, ED-Awards.

The Bree family is available at our webfont service partners TYPEKIT - FONTDECK - WEBINK or contact us for self-hosting @font-face. ■
