

LFT Etica

A charming and sober sans
with a balanced voice for
any application.

DESIGNED BY

Leftloft (Milan)

YEAR

2009

LFT Etica, the moralist type family by Leftloft, began at the end of 2000, but its development is ongoing as it expands to fill the astute designer's needs. The starting point was the common, cold grotesque sans typefaces – ubiquitous and often badly applied in their everyday visual environment.

The challenge was to obtain the same force, versatility, and colour, but with a much warmer feel. LFT Etica resides aesthetically somewhere between a grotesque and a humanist sans serif, resulting from a design of soft strokes with open counters and terminals. LFT Etica successfully combines forcefulness and delicacy, wrapping both with sober charm.

Milan-based Leftloft studio teamed up with Octavio Pardo to develop 24 additional styles for the very successful LFT Etica type family. This expansion is a direct response to type users' requests who found in

LFT Etica a de facto choice for web design. The new styles come in two series – 12 condensed widths and 12 compressed ones – and have proven versatile in applications where the ratio between information and space becomes an important challenge.

Each letter was scrutinised to ensure durability throughout time and adaptability within circumstance, so LFT Etica meets the challenge of balance head-on.

With its wide current range of 40 styles and many OpenType features (four sets of numerals, fractions, arrows, and dingbats, as well as stylistic alternates), LFT Etica is a versatile typeface suitable for corporate or casual use, for printed publications as well as web design.

The complete LFT Etica family, along with our entire catalogue, has been optimised for today's varied screen uses.

GERMAN 9/11PT

Im speziellen Sinn bezeichnet das Wort Sprache eine bestimmte Einzelsprache wie Deutsch, Japanisch oder Swahili etc. Die gesprochenen Sprachen der Menschheit werden gemäß ihrer genetischen Verwandtschaft in Sprachfamilien gegliedert. Jede einzelne Sprache wird dabei anhand der sogenannten Language Codes nach den ISO-639-Teilnormen international eindeutig klassifiziert. Von den heute rund 6500 gezählten Einzelsprachen – laut National Geographic

PORTUGUESE 9/11PT

Linguagem pode se referir tanto à capacidade especificamente humana para aquisição e utilização de sistemas complexos de comunicação, quanto a uma instância específica de um sistema de comunicação complexo. O estudo científico da linguagem, em qualquer um de seus sentidos, é chamado linguística. Atualmente, entre 3000 e 6000 línguas são usadas pela espécie humana, e um número muito maior era usado no passado. As línguas naturais são os exemplos

TURKISH 9/11PT

İnsanlar arasındaki anlaşmayı sağlayan bir araç olarak tanımlanabilir. Bu bağlamda dil, kelimelerden oluşan, yani vücut dili gibi sözlü olmayan iletişim biçimlerinin yanı sıra insanların en etkili iletişim şekli olan sözlü iletişimi tanımlar. Dil, ses dalgaları aracılığıyla akustik olarak ve kelimeler aracılığıyla veya işaret dilinde olduğu gibi işaretler aracılığıyla görsel olarak aktarılır ("İşaret dili" ile karşılaştırınız). Ayrıca dokunma vasıtasıyla dokunsal işaretlerle veya Lorm'lar aracılığıyla

ICELANDIC 9/11PT

Mál er kerfi merkja, tákna, hljóða og orða sem notuð eru saman til þess að lýsa hugtökum, hugmyndum, merkingum og hugsunum. Málfræðingar eru þeir sem að rannsaka mál, en í nútímanum var málfræði fyrst kynnt sem vísindagrein af Ferdinand de Saussure. Þeir sem að tala mál, eða nota það á annan hátt, eru taldir með sem hluti af málsamfélagi þess máls. Tungumál er hugtak sérstaklega notað um þau mál sem að hafa hljóðkerfi. Fjölmörg tungumál eru til í heiminum í dag,

FRENCH 9/11PT

Les gestes sont la méthode de communication la plus connue, utilisée par diverses espèces dont l'ensemble des primates. C'est également le cas des abeilles et leurs danses : lorsqu'une abeille exploratrice revient vers sa ruche après avoir trouvé une source de nectar, elle peut effectuer une danse en rond indiquant que cette source se situe à moins de 50 mètres, ou une danse en huit indiquant que cette source est plus lointaine. De plus, la vitesse et la

NORWEGIAN 9/11PT

Et språk er et dynamisk sett av synlige, hørbare eller følbare symboler for kommunikasjon og elementer som brukes for å manipulere dem. Språk kan også henvise til bruken av slike systemer som et generelt fenomen. Eksempler på språk er naturlig språk (menneskelige enkeltspråk, for eksempel norsk), kunstige språk (for eksempel esperanto) og programmeringsspråk (for eksempel Java). Menneskespråk omtales vanligvis som naturlige språk, og vitenskapen

SWEDISH 9/11PT

Språk eller tungomål är en del av olika system för kommunikation, som används av människor och som vi börjar tillägna stora bitar av redan under våra första levnadsår. Barn lär sig använda språk lika naturligt, som de lär sig att gå. Språket kommuniceras exempelvis via talat språk, teckenspråk, kognitioner och skrift, som är bärare av språk i en rad olika kommunikationssystem. Begreppet språk har två nära sammanbundna men ändå separata betydelser; dels

SPANISH 9/11PT

Un lenguaje (del provenzal lenguatge1 y del latín lingua) es un sistema de comunicación estructurado para el que existe un contexto de uso y ciertos principios combinatorios formales. Existen contextos tanto naturales como artificiales. Desde un punto de vista más amplio, el lenguaje indica una característica común a los humanos y a otros animales (animales no simbólicos) para expresar sus experiencias y comunicarlas a otros mediante el uso de símbolos,

CZECH 9/11PT

Vědecký obor zabývající se zkoumáním jazyka se nazývá lingvistika. Otázky týkající se filosofie jazyka byly pokládány již ve starověkém Řecku, byly zde otázky typu zda mohou slova reprezentovat zkušenost nebo motivovanost obsahu slov, konkrétními památkami jsou například Platónovy dialogy Gorgias a Faidros. Ještě časnějším dokladem uvažování o jazyku jsou gramatiky sanskrtu, nejranější záznamy o kodifikaci liturgického jazyka a uspořádání znaků do abe-

ITALIAN 9/11PT

Il linguaggio, in linguistica, è il complesso definito di suoni, gesti e movimenti attraverso il quale si attiva un processo di comunicazione. La facoltà di rappresentare mentalmente un significato è presente in molte specie di animali, tra le quali l'essere umano. La capacità di elaborare e produrre un linguaggio verbale, nell'uomo, si è sviluppata a seguito di mutamenti strutturali della cavità orale. In particolare l'arretramento dell'ugola ha reso l'essere umano

POLISH 9/11PT

Język służy do przedstawiania rzeczywistości dotyczącej przedmiotów, czynności czy abstrakcyjnych pojęć za pomocą znaków. Zbiór znaków w języku jest otwarty. Wynika to z faktu, że znakiem językowym jest każdy tekst, każda sformułowana wypowiedź, posiadająca znaczenie. Jednostka postępująca się językiem może więc za pomocą jego systemu tworzyć nieskończoną liczbę nowych znaków, także takich, z którymi nigdy się wcześniej nie zetknęła. Znaki te

FINNISH 9/11PT

Kieli on järjestelmä, jossa ihminen ilmaisee ajatuksensa kielellisillä merkeillä, abstraktioilla. Näitä merkkejä nimitetään kielellisiksi ilmauksiksi. Puhutuissa kielissä kuuluvia (auditiivisia) merkkejä tuotetaan puhe-elimillä. Kirjoitetussa kielessä kielelliset ilmaukset on tehty silmin nähtäviksi eli luettaviksi. Viitotuissa kielissä kielelliset ilmaukset ovat visuaalisia, eivätkä auditiivisia. Eri kieliä tutkii kielitiede. Kognitiotiede tutkii kieltä hieman erilaisesta näkökulmasta:

THE DESIGNERS

Leftloft is an independent studio where ideas, people, and skills converge to develop a wider vision for design, culture, and communication. Established in 1997 in Milan by Andrea Braccaloni, Francesco Cavalli, Bruno Genovese, and David Pasquali, the studio opened an office in New York in 2009, and now operates with a team of designers, each specialised in various fields from branding to web design.

Leftloft has developed projects locally and internationally, collaborating with some of the most important Italian companies and institutions. The studio has also opened Luft, a think tank devoted to developing creative thinking and a collaborative production through design.

Main activities include: identity, research, concept, strategy, art direction, and narrative. Among others,

Leftloft's projects have been awarded by: D&AD Award, ED-Awards, ADI Design Index, Laus Award, Creative Review Annual, TDC Annual, and ID Annual Design Review.

Leftloft has published LFT Etica, LFT Etica Mono, LFT Etica Sheriff and LFT Iro Sans with TypeTogether.

AWARDS

- Yearbook of Type I, 2013

FAMILY UPGRADES

Buy a single weight (or more) now and get reimbursed if you buy the entire font bundle at a later time. This is a great way to explore a new typeface without full commitment. To take advantage of the upgrade, please email info@type-together.com.

CUSTOM WORK

We offer custom font solutions tailored to your needs. This includes developing new typefaces from scratch, modifying existing typefaces, extending language support, and creating logotypes. Please contact us for details at info@type-together.com.

LICENSING

Our complete font catalogue, along with the presented type family here, are available for print, self-hosted web applications, and app embedding from TypeTogether's online store. For other types of licences and more information, please contact us at info@type-together.com.

TESTING OUR FONTS

TypeTogether actively seeks ongoing dialogue with all type users and therefore offers free temporary licences to test any of our typefaces. The test fonts are fully functional and include the entire character set and OpenType features. To request test fonts, please contact us at info@type-together.com.

EDUCATIONAL & CHARITY DISCOUNT

TypeTogether offers a 25% discount on all typeface purchases for students and those in education (schools, departments, etc.). This discount also extends to NGOs and charities in general. Please contact us for details at info@type-together.com.

For further information, samples, and ordering, please visit www.type-together.com.
